Summary

Artificial Intelligence and Data Science student with hands-on experience as a Web Developer intern, skilled in HTML, CSS, Tailwind, PHP Laravel, Flask, and Python. Proficient in data visualization tools like Tableau and Power BI, with a strong foundation in OOPs and backend development. Gained practical exposure through a paid internship and college-level hackathon, where I built a face detection-based web application backend. Passionate about building scalable software solutions and eager to contribute as an SDE.

Work Experience

Web Development Intern

JippyMart Company

June 2025 – August 2025 (Paid Internship)

- Developed and maintained responsive web pages using **HTML, CSS, Tailwind CSS, and PHP Laravel**.
- Collaborated with a cross-functional team to deliver client-ready web modules within deadlines.
- Gained hands-on exposure to **database management and API development**.

Projects

German LMS (Learning Management System) – Team Project

- Collaborated in a team to develop a full-stack Learning Management System tailored for German users.
- Worked on both frontend and backend modules, ensuring seamless integration and smooth functionality.

Education

Bachelor of Technology in Artificial Intelligence and DataScience

Pace Institute Of Technology and Sciences ,Valluru

Sept 2023 – Present

Skills

Programming

C,cpp,python,php,flask

Web development

Html,Css,Tailwindcss,Bootstrap

Database Management

Mysql,Firebase

Version Control

Git,Github

Framework

laravel

Datavisualization

Tableau,PowerBi

Certifications

- Web Development (HTML, CSS, JavaScript, PHP, Laravel) – [jippymart/Internship Certificate]
- Power BI– forage

Hackathon

Backend Developer (Hackathon Project)

College Hackathon

September-2025

- Built the **backend of a web application** using **Flask and Python** with **face detection authentication using ML(Deepface)**
- Designed and implemented secure login functionality, integrating machine learning models with the web app.
- Worked in a 3-member team, achieving successful project deployment within the hackathon timeline.

Extracurricular Activities

- **Member, Lingua Franca English Club** – Participated in group discussions, debates, and communication workshops to enhance soft skills and public speaking.
- **Member, Coders Club** – Engaged in coding challenges, peer learning sessions, and collaborative problem-solving activities to strengthen programming skills.

Languages

- English – Fluent
- Hindi – Native
- Telugu-Intermediator

Hobbies and Interest

- Problem-solving and coding challenges
- Reading about AI & Data Science trends
- Participating in hackathons and technical clubs
- Public speaking & team collaboration activities
